# About Us

The critical challenge of climatic change calls for an extraordinary vision, in governance, leadership and wisdom, throughout the world. The ever-expanding urbanization with the accelerated pace of development, exerts pressure on our ecology and biodiversity.

Everain Global Services is set up to assist on a wide spectrum and provide expert consultation services, in coherence with the characterization, assessment, quantification and management of risk and opportunities, and alongside, develop a sustainable business relationship, with the natural environment, for a climate resilient ecosystem for large scale public and private enterprises.

**everain**  
GLOBAL SERVICES

---

**'We love our business as much you do yours'**

# VISION

---

We at Everain are powered by a driving force, that believes in serving business and communities better, worldwide, with our commitment to growth, innovation, ethics and technical excellence

# MISSION

---

To deliver highly professional business service to our clients, with our responsiveness, innovation and lasting trusted service partnership

## TO PROVIDE HIGH SERVICE EXCELLENCE TO CLIENTS

We embrace continual improvement and positive change, through ongoing quality review of our work process. This enables us to meet our clients' requirement for service, high quality, innovative and technically sound basis, right from the start.

A circular inset photograph showing a woman from the chest up. She is wearing a grey pinstriped business suit jacket over a white collared shirt. She is also wearing a necklace with a small, square, clear pendant. Her hands are clasped in front of her. The background of the photo is a solid teal color.

# OUR VALUES

## RESEARCH AND INNOVATION

We conduct market research study, trend analysis, and ascertain emerging best practices in the industries, we serve. Our white papers continuously update clients, concisely with respect to current market developments and challenges. Our team's expertise helps clients achieve their goals and spearhead competition.

## CONFIDENTIALITY

Be it general or vital, the security of your data is a major concern of our Company. The client must note that the moment we begin our conversation, with them, their information is held and executed, under our non-disclosure agreement, which is strongly followed at each level of the Company. We exercise care and judgment in handling confidential business information and data.

## DEFINED BY PEOPLE

The high quality commitment to our clients requires that our dedicated staff give full time, zest and attention. To realize this, we provide our employees a rewarding, ethical work environment---an atmosphere of trust! We pick up people with exceptional ability and provide them the right capacity built-up tools training, to enable them to perform their duties and ensure, they achieve their full potential. We have set up an 'Idea-box' is our internal reward program that brings innovating, unique, out of the box ideas, to our attention, from all sections of the office. We also promote diversity in all forms and the principle of equal employment.

## SUSTAINABILITY

Our operations follow the most sustainable path. Significant steps are taken to minimize, our ecological and carbon footprints, while serving our client with unmatched quality. You will find us innovative in the way we operate, run our non-traditional offices, design our stationary, plan our events, even travel etc.

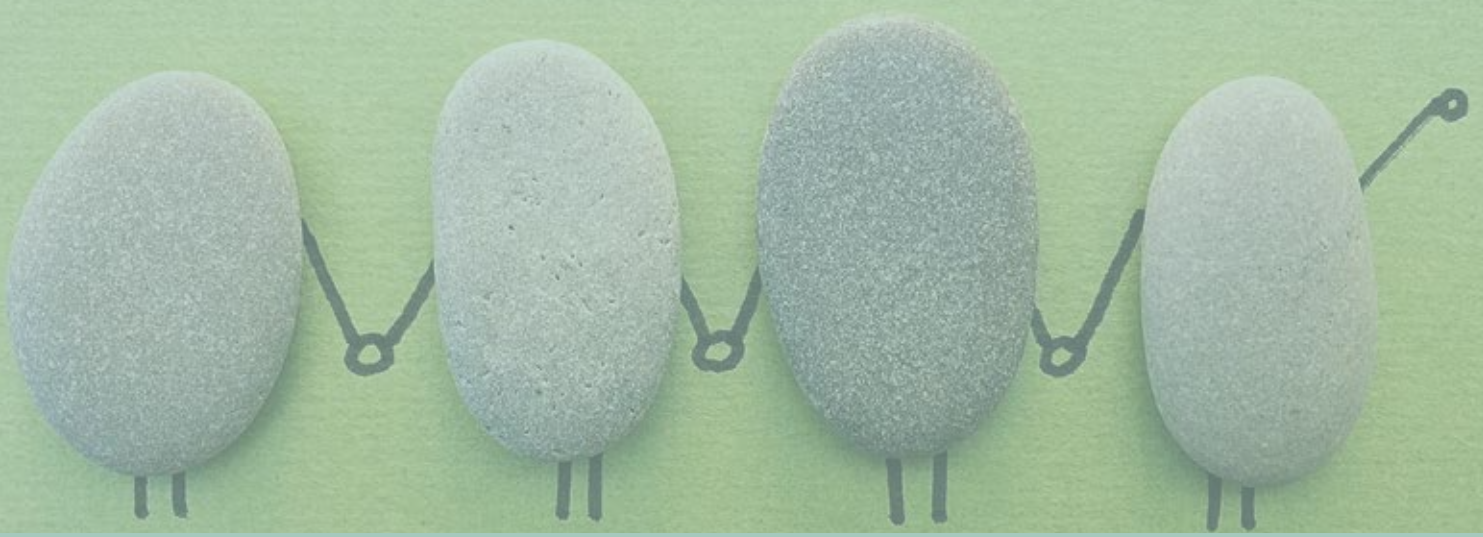

## ETHICAL BUSINESS PRACTICES

At Everain, we believe in Ethics, Honesty and Integrity which are our business hallmarks. We only deliver services we are qualified to provide, in return for fair compensation. We always alert our client in case of any conflict of interests, and exercise care and diligence, in handling confidential business input.

## OUR SOCIAL COMMITMENT

We believe in Ethics and Morality and are sensitive to cultural, social, financial and environmental issues around the globe. We strive to uphold our social responsibility and help individuals, organizations and governments, to create a positive impact on society, ensuring bottom-line development. We, thus welcome, dedicated and loyal organizations, to join up with us, in this endeavour, and together, we would make this world better.

# ORGANIZATIONS WE PARTNER WITH

## **Africa Foundation for Sustainable Development**

focusing its efforts on implementing the sustainable development strategies in communities and societies, impacted through the commercial mining operations and gender equality, socio economic development, through Small, Medium and Micro Enterprises (SMMEs) in the mining areas.

## **Samtulya Paryavaran Siksha Prasar Kendra**

Though a nascent establishment, it has an onerous task to disseminate environmental education, to different sections of the society, giving utmost priority to rural and remote rural habitations.

## **Green Saver and Welfare Society**

A youth-oriented organization it operates to bring about environmental consciousness, to stimulate and promote youth participation, toward being Earth Warriors.

# MARKETS WE SERVE

We offer a comprehensive range of consulting services to support, both the private and public sector organizations, to characterize, evaluate, compute, quantify and manage their relationships with the natural environment. We prepare our clients to adapt themselves to the changing climate and carry on a healthy sustainable business.

---
